The inconsistency of coffee, and suggest a trial order. the Press weakens its power as a moral

I have just returned from a trip to Germany and Switzerland, and while in the latter country I witnesses a sight which was of itself sufficient to pay me for my journey. It was nothing less than the launching of the first boat ever built of aluminium. This took place some weeks ago on Lake Zarich, a body of water which has become celebrated as a birthplace of new departures in ship-building. It was there that the first paphtha launch ever constructed made its maiden trip, and als where the first successful electric bos was launched Put this last achievement, the successful trial of the first boatin the world ever built entirely of aluminium, will make

Lake Zurich justly amous.

This boat is not a large affair. It resembles in appearance and size the small naphtha launches and in fact, its motive power is at engine of this kind, which has an improved device whereby the flame can le maintained while the boat is not in motion. At a distance the boat has to unusual appearance. It is only on near approach and close examination that a person would notice The annual town meeting will be held on Monday evening, the 29th inst.

Justice of the Peace Jacob G. Post has opened an office in Joseph A. Peloubet's opened an office in Joseph A. Peloubet's handrads are made of this beautiful and untarsishable metal. Wherever a polish is given, the surface looks like pure

Mr. M. A. Dailey an honorary member of Not only are the ribs and plates made of aluminium, but the castings of the engine, the rudder and even the tiller ropes are made of the same metal. The mittee had better secure the services of Mr. antire amount of aluminium used is little less than 800 pounds, while the A "Conundrum Supper" will be given in total weight of the boat, including the the church parlor of the First Presbyterian wood, iron and copper parts, is 970 Church on the evening of February 16th by eight to twelve people. One of equal size built of wood and iron would weigh

A Singular Cripple. A singular story comes from Russia of a young man, known as the "Dying pastor, Rev. J. H. Egbert, to this charge Prophet," who for several months past for another year, and that we tender him if has died, to all appearances, every Sat-reappointed a three months' leave of absence for the purpose of visiting the Holy day. This person, by name Tagarelli, was born at Tiflis, in the Caucasus, and has been bedridden since early childhood. At the first of these singular to life. He declares that he really does Through the kindness of the ladies of Christ die, and is obliged to look upon the

> is said, never makes a mistake. Among others who visited him, was a newspaper reporter, who went with the avowed purpose of exposing a fraud, but he rushed from Tagarelli's room with a white face, exclaiming to his

#### "Seeing is Believing." And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester"

will impress the truth more forcibly. All metal, ough and seamless, and made in three pieces only, as absolutely safe and unbreakable. Like Aladdin's old, it is indeed a "wonderful lamp," for its marelous light is purer and brighter than gas light, softer than electric light and more cheerful than either. Look for this stamp—Tun Rockustun. If the lamp dealer has n't the genuine Rochester, and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 varieties from the Largest Lamp Store in the World,

BOCHESTER LAMP CO., 42 Park Place, New York City.

#### GENUINE BARGAINS IN JEWELRY. GREAT REMOVAL SALE.
